Final			
Women K2 500	A	3:35	142
Final			

# CANADIAN CANOE ASSOCIATION

## TEAM TRIALS MASTER PROGRAM TEMPLATE

### Purpose:

This template has been developed to use MACRO's for the rapid advancement of "Heats to Semi-Finals" and "Semi-Finals to Finals"  
 This template also allows for the rapid provision of individual point totals.  
 MACRO's have also been set-up for Printing Results

### Procedure for Preparation and Use of this template

#### Preparation of Schedule

A separate Worksheet is to be created for each Race Event (i.e. - Men K1 1000, Women K1 1000, etc)  
 Based on number of Competitors entered in the Event, select one of either the 2 Heat, 3 Heat, 4 Heat or 5 Heat Worksheets.  
 Click on the Tab, select copy and Rename Tab to Race Event.  
 After all Events have been copied and named, the Worksheets can be rearranged to correspond with the Race Order.  
 Enter competitors using entry form below and use copy and paste to copy into individual Events.  
 This will ensure names are consistent for point totals

#### Results Management

Enter placement from race results  
 Use appropriate MACRO to sort race by placement  
 Enter race times  
 After completion of all results for the Heats or Semi-Finals of the Event, use the appropriate MACRO to Advance the Event to the next level.  
 The MACRO will also automatically print-out the Advancement.
